# DICK TRACY

AFTER A VICIOUS FIST FIGHT IN THE COAL BUNKER, DICK TRACY MOVES TO CLAMP THE HANDCUFFS ON T. V. WIGGLES, WHEN—

AND WITH IT GOES T. V. WIGGLES!

WHILE ON THE RAILROAD TRACK ABOVE, ANOTHER CAR OF COAL HAS BEEN SWITCHED INTO POSITION.

(GET THE DUMP WRENCH.)

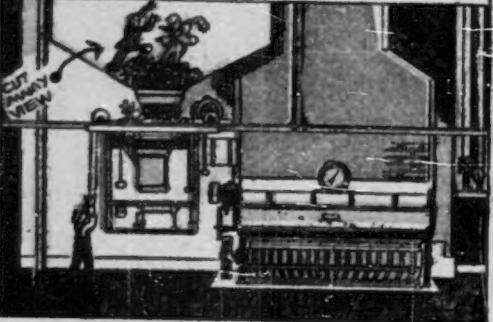

JUMPING FROM THE WEIGH-LORRY TO THE FLOOR, T. V. WIGGLES CONFRONTS THE FIREMAN.

HOW DO YOU GET OUT OF HERE?

A FIREMAN IN THE FURNACE ROOM BELOW MOVES A LEVER—

AS THE COAL DESCENDS, TRACY AUTOMATICALLY REACHES OUT AND HIS HAND GRABS THE RUNG OF A LADDER BUILT IN THE WALL.

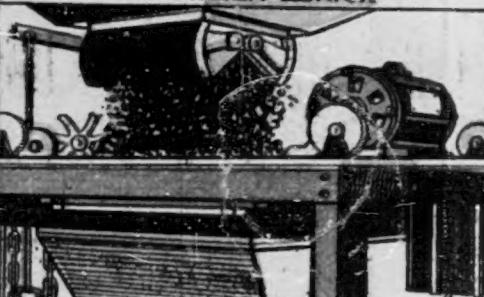

## CRIMESTOPPERS TEXTBOOK

AND THE REMAINDER OF THE COAL DROPS FROM THE BUNKER INTO THE WEIGH-LORRY.

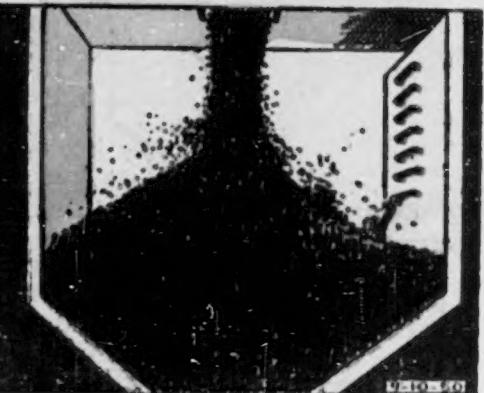

PERSPIRATION FROM HIS EFFORTS HAS MADE HIS HANDS SLIPPERY, AND HE FINDS IT DIFFICULT TO HANG ON. THE DOOR OF THE CHUTE BELOW SNAPS SHUT AND HE IS IN THE HOPPER ALONE.

THE FIGHT KNOCKED OUT MY WRIST RADIO, AND THAT NOISY ENGINE KEEPS DROWNING OUT MY VOICE.

MEANWHILE, SAM CATCHEM, WHO WAS OCCUPIED WITH THE GUNMAN UP ON THE BOULEVARD AND DID NOT SEE TRACY JUMP OVER THE PARAPET, SEARCHES IN VAIN—

## Large News Flashes

Malayan Red HQ Sought

KUALA LUMPUR, Malay, Sept. 9.—(Reuters)—A "do-or-die" search for the secret operational headquarters of the Malayan Communist Party was started today by the British Army and Malayan police patrols, combing deep into the Malayan jungle.

Parnell Thomas Paroled

WASHINGTON, Sept. 9.—(AP)—The federal parole board announced today that former representative Parnell Thomas (Rep-NJ) has been granted a parole from the Danbury, Conn., prison.

Thomas, who was convicted last year on charges of padding his Congressional office payroll, will probably be released over the weekend.

Train Wreck Kills 50

DACCA, Pakistan, Sept. 9.—(Reuters)—Fifty persons were killed and 50 injured when a train was derailed about 40 miles southeast of Dacca last night, reports reaching here said today.

Gov't of Greece Resigns

ATHENS, Sept. 9.—(Reuters)—Greece's government headed by Sophocles Venizelos resigned tonight after a 124 to 106 defeat in Parliament.

West Europe Forces OK'd

WASHINGTON, Sept. 9.—(AP)—President Truman today approved "substantial increases" in the strength of United States forces in Western Europe. He said the extent of these increases, and when they will take place, will be worked out in consultation with the U.S. North Atlantic Treaty associates.

Balloons On Way Back

BERLIN, Sept. 9.—(Reuters)—Two balloons which landed in the Russian zone of Germany on Sunday after taking off from Africa were won back today by the Red Cross of the Swiss Committee, who said they had been captured by German Communists.

The Canadian military mission here had asked for the release of Albert Boitard, who was described as a French hardware merchant, who has been visiting Canada since 1920.

## Prayerful Ceremony Closes Long Search

By Jack DeLong

JASPER, Sept. 9.—Reluctantly and sadly the curtain was rung down yesterday on the history-making search for two-year-old Lorraine Smith in the Jasper district.

Fate of the Edmontons, too, was sealed when the search with her parents a week ago, today remains a deep mystery.

Although highly-organized search parties combed and recomb'd the Lake and its shores, the child disappeared, for seven weary days, not one shred of a clue was found.

Eric Semple, father of the two-year-old, was still active in the search from start to finish, but no sign of little Lorraine was found.

Three general theories were explored by search directors to the limit possible.

## Police Hunt Suspected Murderer

Frog Lake Indian Said Well Armed And Dangerous

The Royal Canadian Mounted Police are hunting for a group headed today for a well-armed Indian who escaped in the woods after allegedly murdering his sister-in-law.

The woman was on the Frog Lake district, 200 miles east of Edmonton near the Saskatchewan border. Police said the Indian, 45-year-old Francis Mooseweata, was dangerous.

He allegedly shot to death 40-year-old Mrs. Jean Mooseweata and a half mile north of the town of Lac La Biche early Saturday evening, then fled into the dense brush nearby.

An RCMP helicopter with a police officer on board left Edmonton to join the hunt, while five other armed officers from Edmonton headquarters were rushed to the area by ground. Sixty-four officers and reinforcements were tracking down the wanted man.

It was a close and exciting first 18 hours with birds settling all around.

At the end of the 18 hours in the Toole Poole Golf championship played here this morning, Norman Wilkinson, Point Grey Golf Club, Vancouver, was the winner. Walter McRoy, Shaughnessy Golf Club.

It was a close and exciting first 18 holes with birds settling all around.

At the end of the 9th Wilkinson was two up and he increased this lead to three with the 10th.

They halved the next five holes when McRoy won the 11th and 13th to cut his deficit to one at the half way point. The battle for the title was set to be decided in the final four holes.

Tommy Manaskey, among the few Alouettes who appeared to be pulling their weight, scored one birdie and one double bogey on the 16th.

The 17th was a close and exciting first 18 holes with birds settling all around.

H. K. GREGSON  
... Killed in Plunge

## Crash Occurs Outside Devon

Edmonton motorist plunged to his death in a ravine at Devon early this morning.

Mishap occurred when a 1950 car driven by Harry E. Gregson, 1627 72nd Avenue, plunged 20 feet out of control into a roadside ravine half-a-mile south of Devon town limits.

Gregson's partly buried body was found at 8 a.m., six hours after the fatal crash.

It is believed Gregson, who was running a errand for his business, suffocated when pressure from a broken gas line running through the car was forced up and water into the car.

Only the trunk of the car was protruding when the accident was discovered.

An Imperial Oil worker and DFC holder of the last war, Gregson adopted a 16-month baby daughter, Darren, Friday. He survived his wife, a widow, his sister, Doris, 9722-105 street, and his parents in Castor, Alberta.

RCMP from Lethbridge investigated the accident. The driver, Mr. Gregson, was driving a Quebec Army and Navy veterans' sweepstakes ticket on the win.

D. Gerrie, Winnipeg, came in for the second place horse, Vieux Man.

V. A. Sage of Toronto held the winning ticket on Sainines, which came third. This ticket was worth \$13,860.

Coke Climbs Price Ladder

Price of Coca-Cola today went up from a nickel to six cents.

Company officials here said they received notice of the price increase at 1 p.m., after suspending deliveries throughout Canada for 30 minutes.

The suspension followed an announcement of a 30 per cent tax on Coca-Cola sales in Sanitines three hours ago.

First two horses to the post were French owned. The victors came from France four of the English classic racing season.

The winning ticket, which brings home \$13,860 (\$43,273) purse, was sold at 2 to 3 and Sainines was a 23-to-1 bet.

Protest Against U.S. Invasion Claimed Aired

TOKYO, Sept. 9.—(UPI)—Protest against the U.S. invasion of Korea was held in Tokyo today, the first time the Korean foreign minister Pak Hon'ai has sent a new note to the Japanese Foreign Ministry.

Minister Nakasone, who has been in the country since the U.S. intervention in the war, said:

"The note, which I have just now sent to the Japanese Foreign Minister, expresses our protest against the U.S. invasion of Korea."

Minister Nakasone said he had been informed that the U.S. had sent a note to the Japanese Foreign Minister.

**TODAY****Chimp Talks And Squawks****Miscellany**

The scientific world had cause to "wink"—a chimpanzee that can speak English has learned 200 words of "man's," "papa's" and "cup"—and can give a "Brook cheer." Dr. Keith J. Hayes of the York University Research Institute, Orange Park, Fla., told the American Psychological Association at State College, Pa., of the three-year-long experiments.

**DRAGGING FRUITLESS**

Dragging of lakes and sloughs was probably unproductive in the way of clues.

Later, Tuesday a black bear was shot near his kill and the stomach contents of the animal analyzed.

The analysis showed the bear had eaten nothing.

**SEARCHES**—The search for the missing boy was widened yesterday to include the possibility of a wider support.

RCAE are now checking cars around, the international investigation is being vigorously pursued in other directions.

The mass directed search was suspended several hours yesterday that had previously been intended.

Thursday it had been planned to continue the organized search.

But with nearly 200 hunting trips.

In the morning, areas planned to be covered were completed before the end of the hour.

These, as leg weary search crews ate their noon-day meal, Cpl. Jack Mead, of the Royal Canadian Air Force, the kidnapper there would do an important announcement right after dinner.

**SEARCH ENDS**

Scouting the importance of the search, the grimy searchers gathered in hushed groups in front of YMCA camp.

Mr. Mead said they why it was decided to end the diversified search.

He said the parents of the missing child, police officers, park authorities and the community were convinced that nothing more would be accomplished by combing the area further.

**THREE RACES**—It was said that dragging operations in nearby Maple River would be continued for several days by Spur Aranianski and his crew, who were most convinced that nothing more would be accomplished by combing the area further.

**CREDIT SOARED**

Overall instalment credit has risen from \$200 million in 1948 to \$500 million in 1949 since the outbreak of the Korean War June 25.

Evans said the board is ready to meet the emergency by increasing its loan to the nation to combat the inflation worsened—and we hope it won't."

The board said it had received reports that many recent instalment sales of appliances and furniture were made with down payments.

Mr. Evans said he was "in a bind" because he is on a fishing trip in the vicinity.

He said a few special parts were available in the camp for a time, and it is likely that others will still try to find the missing child in the near area.

**MAN RAISED**

He mentioned the \$1,000 reward offered by Edmonton Yacht Club and that golfers competing in the Total Golf competition had a month to operate in city.

**U.S. Affairs**

Department of agriculture said larger wheat crops are expected this year in all major producing areas of the western hemisphere except Argentina. Production is expected to total about five per cent above that of 1949 and seven per cent above the average over the last four years, departing basis of agricultural economics reported.

**WATER TUBES**—There is a state law against salting liquor, also has a state liquor tax. But when city council at Yatoo moved to tap this source of revenue, it met opposition from the local chamber of commerce. A resolution was formed to fight council's tacit agreement with local bootleggers calling for liquor sales at one cent per gallon a month to operate in city.

**SELECTIVE SERVICE**

Drafting of married men appeared to move on step chart with the Selective Service. Approval of the new GI family allowances bill. Measure will give families services from \$80 to \$150 a month. It was voted through Congress in response to complaints by activated National Guard units that their wives said their families could not set along on their service pay.

Selective service officials had earlier asked President Truman to revoke his ban on drafting of married men 19 through 25 once the measure was signed.

## Unhappy, Ineffective

If the taxation changes announced by Finance Minister Douglas Abbott represent the entire governmental effort to deal with climbing commodity prices, then that effort will be neither satisfactory nor useful to the people of Canada.

To increase the taxation on luxury items to help pay for the added cost of military preparedness is unquestionably sound, although it will be a grave disappointment to thousands who have just sufficiently recovered from economic austerity to look forward now to new cars and radios and other items.

Also, in theory, corporations are better able to bear the pressure of an increased tax than individuals—although in practice it is usually individuals who eventually pay it.

Everyone realizes that armaments cost money and that the citizen, in some way or another, must supply that money.

Nevertheless, while he knows that national security is bound to be expensive, will be surprised and disconcerted to learn that he is expected to accept these increases, not only as essential to national security, but as a technique for helping to abate inflation.

## New Housing Project Is Advantageous

Lack of any tangible results so far from the latest dominion-provincial housing finance scheme emphasizes the importance to Edmonton of Alvin Enterprises' anticipated or already on its way to \$300,000,000, 25-unit apartment housing project in Strathcona.

Sharing with Toronto and Ottawa the dubious distinction of having Canada's worst housing conditions, Edmonton and should be gratified to see the project under way.

It will supply rental housing at average-controlled rates for three years in a planned neighborhood area which both promotes and protects the environment with a step forward for this city.

Mr. Gen. H. A. Young, vice-president of Central Mortgage and Housing Corporation, has pointed out that this city has done tremendous things in providing land and facilities for wartime housing projects.

But it is also true, as he said here a few days ago, that the same kind of growth has already resulted in even that development being inadequate.

The oil industry has brought to this

the latter point will escape a good many thousands of Canadians who will be unable to understand how boosting commodity prices will lower the cost of living.

That is why Mr. Abbott proposes to dramatically regulate credit buying as a further part of the doubtful formula for fighting inflation.

Since this announcement is coupled with the statement that personal incomes have all been raised next year, many Canadians will suspect that the government's action is designed, not to give the Canadian more money for himself and his family, but more money for the 1951 tax collector.

There will be general agreement, too, that the minister's failure to suggest or forecast any diminution in social service costs in the face of huge defence expenditures,

For example, thousands of Canadians

in the sort of Canada will feel frustration in the knowledge that, after years of wartime privation, they will be unable to afford new household appliances while millions are still being poured out in other parts of Canada in baby bonuses.

Mr. Abbott's supplementary budget is neither a happy nor an effective one.

### Only Deterrent

Editor, Bulletin—Lovers of peace must realize that the atom bomb is the only deterrent that could make an aggressor pause before precipitating the next world war.

VIGILANS.

### Plea From Horse Riders

Editor, Bulletin—I would deem it a privilege to be able to use your columns to bring to your attention before the public.

Almost everyone is interested in a sport of some kind. Some are baseball enthusiasts. Others

know that golf, football and archery attract large numbers.

I enjoy the sport of horse-back riding. Our sport is enjoyed with as many obstacles that it is almost impossible to engage in it.

It is true that an average saddle-horse does not cost much more than a set of golf clubs, but the problem is where to keep the horse.

Everyone knows that it is not permitted to stable a horse within the city. Farmers immediately outside the city limits do not appear to be interested in purchasing a horse.

In the name of all horse-lovers, I believe the city should make some small pasture with stabilizing facilities close to the city. Any average owner could then buy a horse and stable it without charge. The horse would be fed and stabled. The revenue should easily defray the cost.

Editor, Bulletin—I wonder if anyone ever believed the Federal Government intended to grant the nation a pension to quiet the people talk about it.

The means test, to my mind, is a

completely bad idea.

We sent our sons to war to make

them heroes, and we expect them to

have a pension when we are old.

## Gap in Line Is Closed By Allies

Taege Pressure Eased by South Korean Success

By RUSSELL BRINES

TOKYO, Sept. 9.—(AP)—Allied troops closed a dangerous big hole in the north-eastern Korea warfront today. But they lost several Battle Mountain again in the south-western superior North Korean forces.

The five-mile gap in the north-eastern front was closed by South Korean troops backed by American paratroopers. The Korean forces in moves between Yonchon and Kyungju, road junction town east of Taegu, central front city of Korea, were driven back from the north. The closing of the rupture in the line eased some pressure on the Taege.

The fighting was severe at Battle Mountain, two miles from Hanchon on the southwest approach to Pusan Port. North Korean losses in once again scaling the bald mountain were heavy, but their greatest losses of the day occurred in the south-western superior battle mountain. The mountain has changed hands 12 times in 16 days.

### 1,000 REDS KILLED

The U.S. 25th Infantry division killed 1,500 Communists there, boosting Communist losses on the southern front to 10,000. It is well above 15,000 men and raising official estimates of Red losses on all fronts to about 18 per cent of the 100,000 force.

Three thousand communists attack the North Korean capital of Pyongyang in a determined bid to capture approaches to Manzan Port on the extreme Southern Korea coast.

The North Koreans took Battle Mountain in a determined attack later in the day, then came back with a successful punch despite an American artillery barrage of 200 rounds per minute by U.S. planes.

### PLANES ACTIVE

Rain and thickly-packed clouds which covered the Korean battle-front Saturday morning dissolved into bright sun and dried aircraft went back into action after a 16-hour lull.

## First British Soldier Killed In Korea Action

TOKYO, Sept. 9.—(CP)—First death in action of a British soldier in Korea was suffered by Captain D. G. Smith, 29, of the Royal Engineers, who was killed in a daring raid on the western front.

A correspondent with the British troops reported that the soldier, a member of the Middlesex Regiment, was buried today with full military honors under the United Nations flag at the cemetery of the United Kingdom Cemetery.

He was killed in a patrol on Communist territory.

In Tokyo, Gen. Douglas MacArthur's headquarters today listed British casualties as two missing and 14 wounded. The announcement gave no news of the death of the Tommy.

## Five Schools Lack Teachers

BONNYVILLE, Sept. 9.—(CP)—About 2,500 pupils made their way last Friday to the school rooms of 44 existing and new schools in Bonnyville school division.

Sixty-two teachers and 13 superintendents were ringing the school bell to mark their first day of school for the year 1950-51.

Vacancies still existed in five schools which were opened recently and in the school division of J. L. Sylvestre, superintendent of the Bonnyville school division, assisted by John Frock, who is in charge of schools taking correspondence courses.

## Harvest General In Ponoka Area

PONOKA, Sept. 9—Harvest is in full swing here with cutting and combining general and elevators busy.

According to reports from farmers and grain buyers, early crops are turning out better than last year due to favorable dry year.

Barley, barley and garbanzo are showing good yields.

## HE REALLY DOESN'T LIKE THE ARMY

NEW YORK, Sept. 9.—For Adolf Eber, 24-year-old army reservist, active duty was a farce worse than death.

He was a World War II veteran, beat his reinduction order yesterday at his reserve unit office, he says now, "I'm afraid I won't get me again. If I have to go, I may as well as die."

Then he got out his revolver, pointed it at his temple and shot him self in the chest. He was taken to a hospital in serious condition. Police charged him with illegal use of firearms.

## KILLAM AREA CROPS BEST IN HISTORY

KILLAM, Sept. 9—Farmers in this area are beginning to harvest one of the best crops in the history of Killam district.

Because of spotty frost damage the grade is expected to vary from No. 2 to No. 5. Some crops south of town were halved but the damage was not too great.

Although some crops are being cut by binder, many farmers are delaying operations as long as possible in order to do a straight combining job without use of swather. Even ripening is making such plans especially feasible.

STORE HOURS: 9:30 a.m. to 5:30 p.m.

KILLAM, Sept. 9—Farmers in this area are beginning to harvest one of the best crops in the history of Killam district.

Because of spotty frost damage the grade is expected to vary from No. 2 to No. 5. Some crops south of town were halved but the damage was not too great.

Although some crops are being cut by binder, many farmers are delaying operations as long as possible in order to do a straight combining job without use of swather. Even ripening is making such plans especially feasible.

## TODAY'S MESSAGE

### Old Pattern for New World

Long ago the prophet Jeremiah said to the people of Israel, who had long strayed from the path of right living and had forgotten the covenant made between God and their nation: "This shall be the covenant that I will make with the house of Israel: after these days, saith the Lord; I will put my law in their inward parts, and write it in their hearts; and will be their God, and they shall be my people."

Jeremiah was a keen student of men, and had a vision of God and the purpose of God perhaps greater and deeper than any of his predecessors. For him there were but two supreme realities—God and the human soul—and these in direct conflict. He is the individualist among the prophets, for he is the gospel of individual responsibility for every man for his own conduct.

It was not a popular message in Jeremiah's day, nor is it any more popular in ours. It has become part of our modern credo to try to fasten the blame for our condition on someone else, be it church, the government or our ancestors.

We try by every means to disclaim responsibility for the sins we are guilty of, and self-discipline is not a strong feature of our day and generation. Jeremiah discovered that efficiency in government depends primarily on the quality of the citizens who are the governed. A discovery which, apparently, has never been seriously considered by either his own nation or by any nation since.

Information must start from within the individual, but we are told that the work of internal rectification is too arduous and too slow, so we prefer to work through organization, custom and external rules. Our obsession with this idea has led to the creation of a class system which is used all too frequently to keep us in a "lame-duck" position, and that law to regulate our lives is usually a return to the evil against which Jeremiah warned the people of his day.

We are so modern and up-to-date that we fail to recognize our position. Men still prefer to be driven rather than led and it would almost appear that men are weary of freedom and like to be ruled. We are told that God prefers to discipline themselves who will prefer to be ruled by others who will discipline them.

Whether for good or ill they do not seem to care, all that they appear to wish for is to be rid of any responsibility for their own destiny.

Others there are who would put their trust in a new deal—a mere reshuffling of the cards—in the hope that some lucky chance may throw their own up to the top.

Today, when all authority has seemed to pass from us, the message of Jeremiah, his call for a transformation from within is peculiarly appropriate. The emancipation of the individual from the sway of false gods is still our pressing need as it was the need of Israel.

The new heart and the right spirit need only that men claiming to be upright will accept the responsibilities of citizenship, and become the sources as well as the beneficiaries of good government. Only out of such material can the City of God be built in our green and pleasant land.

### COME TO CHURCH ON SUNDAY

### Local Church Members Will Attend Meet

General council of the United Church of Canada meets in Tammany Eaton Memorial Church, Toronto, Sept. 15 and 16. Attended will be commissioners from all the conferences of the United Church and also representatives from all co-operating bodies.

Complaints from Edmonton to attend are W. C. Hume, N. V. Bussman, W. H. Stern, Dr. Thomas Mart, Rev. E. H. Bursell and Rev. A. J. McVey. Local church members from Alberta will take journey to Toronto for the council.

God has received multiplied thanks for his compassion. His love has been followed by continued comfort and should be by all who claim to be Christians. A more courageous attitude is needed, however, if we are to be true to our motto, "Is it good unto thee that thou shoulds oppose?"—Job 10:2.

## Wartime Foes Meet Again

### Officers Encounter German Who Sent Their Ship Down

SINTRETEL (CP)—Any captain who had his ship sunk by the enemy in war would be surprised to meet on the same day the officers responsible for the sinking.

But two officers had this very experience when they docked in Hamburg, Germany, a few weeks ago.

Captain E. A. Woodcock and Lt. Col. Englehardt, Edward, both of the Royal Canadian Navy, were on the passenger liner Welschland, which had been sunk by a German submarine.

Woodcock, a native of Newmarket, Ontario, and Englehardt, a native of Hamilton, Ontario, had been serving together on the same ship since the beginning of the war.

They had been assigned to the same ship because of their knowledge of German.

Both men had been promoted to the rank of captain.

# Soroptimists Bring Operatic Carnival

Musical Comedy Included  
As Well As Classical Opera

"Operatic Carnival," a selection of some of the most charming and enduring works from classical opera and musical comedy will be presented in Edmonton, Sept. 28 and 29 at the Masonic Temple.

## GRESCO PROGRAM

An intriguing program of violin music with the accent on comic pieces will be offered by soloist Donna Gresco at her Sept. 30 concert.

Presented by the Edmonton Business and Professional Women's Club in Garneau school auditorium, the selection includes:

Vogue in A Major (Tartini Dresler).

Sonata in F Major (Beethoven).

Symphonie Espagnole (Lalo).

Romanian Folk Dance (Orlitz).

Elégie (Arensky-Pisat).

Petropotash Melody (Ottakar Novacek).

Pantomime (Falla-Kochan).

Polonaise Brillante (Wienlawski).

Sponsored by the Edmonton Symphony Club, it will feature a company of the brightest young singing stars in Vancouver assembled by the late Bert Horsell.

It was the ambition of Mr. Horsell that the company be named to create a great entertainment fund in Canada for talented Canadian opera artists.

A composer and musical director for ten years, he had been away over again the departure of the most promising of his young protégés to the cultural fields of the U.S. and Britain.

His young protégés took over and decided to carry on themselves.

**PROGRAM HIGHLIGHTS**

The Basil Horsfall Singers, now composed of Dorothy Goss, Barbara Karrington, Irene Vane, Bryson and Winni Hart, mezzo-soprano; will present as the main body of their show complete pieces by Glazier, Quaker Girl and "I Passione."

Also, there will be such songs as "When We Are Married," "The Beloved Part," "I Love You," "Shine on Your Music," "Springtime," and "Every Little Movement."

The so-called Wagner engine is a German development which uses hydrogen peroxide.

It is considered sufficient for emergency speeds of 25 knots, but it is uneconomical because it requires a percentage of 90 percent purity.

**DIPLOMA PLANNED**

It is intended to give a diploma to students completing a three-year course at the minimum. Courses will be open to both students along from fundamentals taught in the first year until they are able to work largely on their own.

Fees are \$15 for two terms, running from October to March, or \$30 for the fall term alone.

**Broadway Astir Again**

NEW YORK (UPI)—This is the most interesting time of the year to watch Broadway, the theatrical action in the theater season.

Stage doors are open and passers-by can get glimpses of performers inside, lounging around the backstage areas, gazing at their pages on stage. The pounding of pianos and voices raises in half-memorized new songs that have turned up in the CRX.

Otherwise, the half-hour summer season comedy shows are back unashamed.

Sunday, 2 p.m., on CRBN, Ezra Stone brings back his creation of that involved American teenager, Henry Aldrich.

"Miss Brooks," at 3 p.m. on CRBN, presents Eve Arden as an unconventional school teacher.

"My Favorite Husband," starring John Hall as a father who returned to his wife after she turned him down in CRBN's "The Great Gildersleeves."

In other radio fields of entertainment, the week will mark the return of "The Happy Gang" at 10:15 a.m. Monday through Friday, and "The Family Circus" at 10:30 a.m. both on CRBN; Arthur Godfrey's Talent Scouts, Thursday at 9 p.m. on CRBN, and the Friday evening variety show "The William Neely Needs for the Eleventh Year."

On the American networks, Jack Benny returns to his Sunday evening slot with his CBS radio talk show. Philco occupies the 1:30 p.m. Sunday afternoon slot on the lighter side, the light-hearted mystery series "The Thin Man" at 8 p.m. back Monday, 8:30 p.m. on CBS, and "Father Knows Best" with Robert Young returns Thursday, 8 p.m., on NBC.

Prospects for the 1950-51 season both in quality and popularity look better than did those for the previous season.

The presentation Wednesday night of "Daphne Laurens," James Grable's great London success, stars Dick Powell, and the show will touch off a September run of five performances. There was exactly one last September.

**DALLAS IMPORT**

Others scheduled for this month are "The Millionairess," with Greta Garbo; "Cleopatra," the star of "Southern Exposure," a come-drama brought from her Dallas, Tex., stage by the Dallas Civic Opera; "Black Children," another London success, and "Season in the Sun," play by drama critic, W. Louis Gibson, and "The Story of the Canadian Chambers of Commerce from Banff 10:30 p.m. the following night.

Already 10 productions are listed for October and there probably will be a dozen others. Last October there were 12, and the year before those were Gilbert and Sullivan revivals in repertory.

The November program is set to begin and already there are six openings scheduled. Last November only five plays came in.

As for quality, which, of course, is the chief factor in determining success—the October and November offerings will include new plays by John Steinbeck, Albee, Auden, Clifford Odets, John Van Druten and Sandomir Lapinskas; another Olsen and Johnson musical mélange; "Call Me Madam"; Irving Berlin's "Annie Get Your Gun"; and Lindsay musical comedy starring Ethel Merman; a new Cole Porter musical; "One Touch of Venus" musical, with songs by Frank Loesser; and two plays by England's latest favorite playwright, Christopher Innes.

The December play, "Bell Book and Candle," will bring together a new man-and-wife team, Rex Harrison and Lilli Palmer.

## Famed Song-Writers Honored By New Album

MGM records pay tribute to another great song-writing team this week.

"The Little Words," recorded directly from the sound track of the movie musical, MGM provides, in an album of four records, a succession of songs hit by Bert Kalmar and Harry Ruby.

The vocals are by Fred Astaire, Red Skelton, Gale Sondergaard, Kane, the "big-voiced-dopey girl," Gloria De Haven and others.

Lyrics include "Where Did You Get That Girl?" and "King of Your Heart."

# Canada Building Hits Record High

August Total Shows Increase  
Of \$53.8 Million Over 1949

The roar of the bulldozer and the riveter's staccato will continue their assault on Canada's ears, as indicated by August contract award figures up \$53.8 million over last year. Dominion-wide total for the month was \$146,511,100, a record for the month to date, up against \$90,654,600 a year ago.

Assuming the figures, 24-year-old Hubert L. Bettemer, construction commentator, pointed out it was only one of several such records established in a year of record construction activity.

The margin of record earnings for the first eight months of the year, was widened from the previous month by the latest contract award figures now stand at \$881,500,500 up \$67,760,000, Aug. 1949, an increase of 234 per cent.

The flood conditions resulting from the rains have done unexpected damage to the sheep's back. Burn and grass seeds caught in the wool began to sprout.

The flood conditions resulting from the rains have done unexpected damage to the sheep's back. Burn and grass seeds caught in the wool began to sprout.

Air force and civilian aircraft have dropped hundreds of tons of food and fodder to outlying stations cut off for weeks by the slowly receding flood waters. Some farmers have even cut off for two months.

**TRUCKS BOGGED DOWN**

One truck with a load of 50 bags of grain, worth about £2,000, was bogged down in the mud for six weeks near Bogabilla in the northwest part of the state. Just one of the many trucks bogged down for short periods.

Miles of fencing have been washed away and sheep flocks almost impossible to find.

Shearing has been delayed about eight weeks and the value of many wool clips was greatly reduced by water damage. Vegetation has been washed away and, with the effect of blowfly strike,

Spokesmen say the floods will cost the sheep industry of New South Wales £20,000,000 in loss of sheep, lowered wool quality, lambing deaths, hand-feeding and damage to fences and other station property.

**Farmer's Life Begins at 80**

HAMILTON, Alta. - (UPI) - Jessie Smith looks with scorn the crowd of spectators who watch life begin at 40.

The octogenarian says their calculations begin at 40 years too soon. At 40 he thinks he's living proof of his contention.

When most men would be looking for an easy chair, Jessie Smith is up and doing on his model 240-acre farm near here. A man who believes in "keep on the move," he employs the latest farming techniques. His farm is cited by agricultural experts as the ultimate in organization.

When a farm tour is conducted in this area, the Smith place always tops the list of stops.

**Door Supported While Planing**

Elegant bracing is used to support a door on edge for planing and setting hinges is not necessary if a heavy wooden box is available. Just use a "C-clamp" fasten the door to the top of the box, inserting a wooden block between the clamp and the door so that the surface is not marred by the clamp jaw.

## Paul Rowe Is No Piker

They say it took a largish bundle of square money—\$6,000 or so—to tempt the piker Paul Rowe loses from his roofing shop, whence he had gone last fall, following Calgary Stampeders reverse at the hands of Montreal Alouettes in the Grey cup final.

This could be the McCoy. On the other hand Stamps already have such high-priced operators as Royal Copeland and Riley (Rattler) Matheson on the payroll, to say nothing of a couple of dozen more musclemen, none of whom is settling for box-tops on pay day.

That report on Rowe thus might be a little extravagant.

But whether he's going to come into six thousand potatoes—or six hundred—"Plumper" Paul will be expected to start paying off, as of tonight.

The Cowboys have a grid date at home—McLennan Stadium, that is—with General Grant and his running, tooting Regiments Roughriders. To that point in the season, the once-proud Stampeders have been a team trying to prove you can do right by doing wrong all the time.

They have yet to score a win, while how's set upon four times handwriting.

Right now the lone silver lining in the Calgary picture is those 6,900 season tickets president Tom Matheson and his executive board reluctantly unloaded on the unsuspecting citizens, prior to the lid coming off the Conference schedule.

And that's where Rows comes in.

The onetime Oregon "U" stand-gainer already is being counted upon by Stampeders coach Les Lear to give back to his squad the spark it lost somewhere in the fastnesses of the off season.

If Rowe delivers so that Stampeders go to winning again, some of the U's will come back to Eighth Avenue, too.

Eighth Avenue, in case you haven't heard, is a narrow thoroughfare that passes for a main drag in Stamperville. Of late it's been better known as the Street of Broken Dreams, dreams of Stampeder constituents that haven't come off.

Particularly galling to Stamp followers is the fact that of the four setbacks suffered by their pigskin kids two have been at the hands of the Edmonton Eskimos.

Losing to Regina is to be expected, Stamp supporters argue, just as the boys don't drop the big ones. Losing to Winnipeg is to be regretted.

But losing to hated Edmonton, where football was in the deep freeze for 10 seasons and more, comes close to being repulsive.

There have been reports to the effect that Les Lear's in is jeopardized. This is pure (is there any other kind?) hokum.

For one thing his record since taking hold of the Cowboys fairly shrieks his competence. For another he has a contract that runs to 1953, or thereabouts, a contract with a gimmick to it that makes it extra binding on both parties.

Les Lear is not the most lovable fellow to meet up with on the 50-yard line, although he has a softer side, as some few people have discovered.

But he is a good football man, which is why he was hired in the first place.

While Paul Rowe is trying to spur Stampeders to their first pair of points of the season, Eskimos will be mixing it with Winnipeg Blue Bombers at Clarke Stadium here.

Eskimos no longer are a question mark. Off four starts they've reached in for three victories. In fact the particular city of destiny has gone slightly wacky over them.

As for that affray against Bombers tonight, a Winnipeg supporter could easily get himself eight points to work on, if he wants to bet his favorites.

And that goes even if Indian Jack Jacobs turns up quarterbacking the Bombers, which he might do, those injury reports to the contrary.

It goes double if Eskimos' ace pitcher, Lindy Berry, has his stuff.

## COLLEGE FOOTBALL REVIVAL SUGGESTED

WINNIPEG, Sept. 9—(CP)—E. W. (Joe) Griffiths, athletic director of the University of Saskatchewan yesterday suggested the time is ripe for another try at intercollegiate football on the prairies.

He said Manitoba—which dropped out of the three-team loop in 1948 and thereby caused it to fold—could kick Alberta & all set to get back into the college football wars too. Saskatchewan, the central province, naturally would be happy to participate in the revival.

Griffiths said the University of British Columbia probably would be happy to compete in a Western Canada playoff series.

WALTER MUIRHEAD Trapshooting TRAILIST

## HOLDS CITY TITLE

### Walt Muirhead Is Crack Shot

Grizzled Walter Muirhead has been looking down shot glasses 38 years, which is a far piece, as they say in Georgia. And since the first time he pulled a trigger back in 1912, the 57-year-old member of the Edmonton Gun Club has shot up more than the North Korean army.

Latest honors in a long list of laurels came to Muirhead last Sunday when he won the city singles, doubles and handicap trapshooting titles.

But during the years when he's been shattering clay pigeons from Winnipeg to Manitoba to Alberta, the old boy off the wall has had a full bag of championships. For example, he has won 28 Alberta championships since coming to the prairies, plus a dogged 50 straight in 1943 and moved west to this oil-saturated city.

The longest run Muirhead has ever had without a win was 213, but he got the greatest thrill out of shattering 100 out of a possible 102, a shot held in Edmonton 11 years ago.

Muirhead, who is a buyer with the Ashdown Hardware people, gets a greater bang out of skeet shooting than does out of trap. Says the crackshot: "It's more fun and also more beneficial from a standpoint of improving your shooting in the field."

He's a naturalist, too, and enjoys a sport of kings. But you gotta gotta something besides prettiness to get mixed up in the game.

Crossbowing, Muirhead spends a lot of time at. It's a sport with considerable enthusiasm that he says: "It's a great pastime for keeping the boys out of mischief—if they can afford it."

M.T.A.M.—Hillesh parks winter season in 1951 will begin January 17 and run through March 3, the schedule covering a total of 40 racing dates.

## Pep Loses Feather Crown On Shoulder Dislocation

By Gayle Talbot

NEW YORK, Sept. 9—(AP)—Willie Pep, a disconsolate 11th figure, lost the featherweight championship of the world to Sandy Sandler at Yankee Stadium last night as he sat on his stool between rounds with a dislocated shoulder.

Apparently on his way to a one-sided victory over the skinny-legged Negro, the green-left-handed fighter, crowd of 35,000 compactly by surprise when he failed to come up for the eighth round and referee for the bout, Eddie Foy Jr., declared Sandler the winner.

Sandler then regained the title he lost to Pep 19 months ago at Madison Square Garden after having previously debroneen. Pep in October.

### CALLED TKO

There was no hint that Pep was in difficulties when he returned to his corner after a rough seventh round, but he had no more than reached his stool when his manager, Vincent Nardino, official physician, for the State Athletic Commission, into the ring. The doctor still was in the ring when the bell rang for the eighth round, but Pep had gone to the floor with a hard left hook to the finger with a hard left hook on the button. Pep stayed down for a nine count and came up to give better than he received for the remainder of the round. Sandler also earned the seventh round, but by a hair.

All the others had gone to Pep for the margins, and it was the third, when he dumped Pep to the floor with a hard left hook on the button. Pep stayed down for a nine count and came up to give better than he received for the remainder of the round. Sandler also earned the seventh round, but by a hair.

At 8:45, when the bout was over, the promoter, Eddie Foy Jr., declared Sandler the winner.

Al Wohl, matchmaker for the International Boxing Club, said the two are signed to meet in December for the fourth fight.

Harry Mackson, managing director for the International Boxing Club, said the crowd was 35,000. The previous record crowd and gate for the featherweights was the \$104,400 paid by 35,388 fans in July 1946 at the Palms Grounds. That was for the Johnny Dundee-Jugene Criqui fight.

Up to the time of the unhappy ending, Pep had piled up a commanding margin on points. On this writer's scorecard he had won five of seven rounds and dealt steady, stabbing punishment to the challenger.

At Wohl's insistence for the featherweights the International Boxing Club, said the two are signed to meet in December for the fourth fight.

**OPEN COCKPIT TIGER MOTH STILL A THRILLER**

BRUNETTE CURLS tucked 'neath a leather helmet, flying goggles ready, Mrs. C. W. Ross is set for a fast flip in the airways with tried and true Tiger Moth. Most flying is done today in closed cockpit models, but the old dependable Tiger still falls to share of work. Mrs. Ross and her husband recently bought a swift Piper Pacer machine for "padding about."

**VETERAN PILOT CHALKS UP YEARS OF TRAINING IN THE AIR**

CANADA'S HOPEFUL young women transport pilots and Margaret Littlewood is one of them. She's gone about as high as she can go and is proud possessor of her transport licence. A London-trained aerostudent during wartime, Miss Littlewood has earned respect and gratitude of armoured Canadian officials. She confines her activities to pleasure-flying now and is a public secretary during her nine-to-five day. She's set for a take-off in a Cornell.

**FEMININE PILOTS THRILL TO CELESTIAL JOY-RIDE**

WOMEN OF TODAY take to the air when trip-time comes 'round. Renee Lamoureux, left, and Kay Mitchell are mapping out best course to take for a quick jaunt to southern Alberta. Members of Edmonton Flying Club, they have trained for and won their private flying licences. Their favorite flying machine is compact Cessna in background.

**FLYING GALS NEED MUSCLES FOR THIS SORT OF THING**

MECHANIZED MADEMOISELLE Shirley Goldring is no-super-sized indeed. When she's not busy flying about in hopped machines, she takes to the highways in high-powered motor-cycle. Shirley loves the excitement of flying, the feel of power and control. She has her private licence and is a member of Edmonton Flying Club. Club has 300 members, about one dozen of them women learning to fly.

## YOUR BABY AND MINE

### Crying Babies, Sometimes Bothered by Hunger Pangs

By Myrtle Meyer Eldred

"Would you please publish an answer giving me suggestions concerning my baby? He is three months old and requires my constant company and hates to go to sleep.

Once asleep he sleeps well, but after a few hours he wakes him up and puts him back to sleep. The moment he is left alone he starts to cry. Sometimes I try to rock him, sometimes I continue indefinitely. If I rock him to sleep he wakes the moment I put him down unless he is sound asleep.

Anything I tell you is uninteresting, because of the importance of your advice. Please advise. How much did he weigh at birth and how much does he weigh now? What is he getting in that all important bottle?

SEE A DOCTOR

The first thing to do is to take the baby to a good doctor who will check his present weight against his birth weight and see if he has gained about five pounds. If he hasn't, and since he is so obviously not growing, it would be wise to check the formula and see what is lacking there.

Babies will sleep if they are adequately fed, so the best opportunity to do so. When they are uncomfortable or hungry or rest with the head down, it is wise to let them lie down, as you describe. Attend to these conditions, and you end sleeplessness.

Our Staff No. 22 "Formulas and Early Feeding," may be had by sending a stamped, self-addressed envelope with your request to Mrs. Meyer Eldred for care of this newspaper.

## Saddle Club To Hold Gymkhana

### Of 18 Events

Sunny weather Sunday will see a gathering at Ziegler's farm, 9204-142 street.

Taking part will be members of the Edmonton Saddle Club and opening parade will begin at 1 p.m.

Judge is Gilbert Cole; remounts, Bill Walters; emcees, Darrel Robertson; ribbons, Miss Evelyn Allard.

There will be 18 events. Trophies will be awarded and prizes for the events will be donated by Mrs. G. G. Gatzke, Lloyd McElroy, Sheep Kaplan, T. Ziegler, T. L. Sheppard and Jack Condon.

## To Be on Fashion —

### Blended Colors and Fabrics in Sweaters and Skirts

The popular matched sweater and skirt combination is still in vogue this year. The fine imported cashmere sweaters are paired with black or white plaid or patterned matching colors that blend with, or pick up, the color of the sweater.

It looks newer and more interesting than the conventional identical matches although the latter should be a basic part of every woman's wardrobe. But for the sweater collector — and what college girl isn't? — these lovely Scotch plaids and black and white cashmere sweaters are a connoisseur's delight.

## WHY GROW OLD

### Bed's a Great Place if You Want Some Real Relaxation

By Josephine Lowman

Some time ago in a Journal of Living, Harriet Van Horne, attractive radio editor, said: "Using your bed only to sleep in is old-fashioned."

Now, library, study, beauty salon, dining, sitting room, private retreat and altar of contemplation. You have a place to live in, a private place to do it in.

Our Staff No. 22 "Formulas and Early Feeding," may be had by sending a stamped, self-addressed envelope with your request to Mrs. Meyer Eldred for care of this newspaper.

## ATTACK DAY GRIMLY

I have discovered that I am asleep in the way I get up at the same time every morning, basking in and out of the bathroom.

If you cook breakfast for the family, it is a fine idea to return to bed while you make your calls and plan your meals. You can do that just as well lying down as standing up.
